

## **Continuing Education**

Continuing Professional Education (CPE) is required for maintaining IMI certifications. Candidates are responsible for presenting CPE records as evidence during random audits. CPE may include the following activities as they relate to Critical Risk Domains (CRD) outlined for your specific designation. Each hour of activity in the following categories is considered one hour of CPE and may be applied to multiple certifications. You need a total of 60 hours of CPE for every 3 year period and at least 15 hours each year.

### CPE Categories

- Publishing articles and books – Every 350 words are considered two hour of CPE
- Reading books
- Attending seminars and conferences
- Being an active participant of a professional association Board
- Attending professional organization chapter meetings
- Listening to vendor presentations
- Researching related vendors and topics
- Completing relevant university or college courses
- Creating training materials
- Providing training and speaking in conferences
- Completing internal company training sessions
